Welcome to GOOO

AIRAC 2205

20/05/22

Introduction

Welcome to the GOOO Sector Files.

This Sector File covers the GOOO Dakar FIR which covers the airspace of Mauritania, Senegal, Mali, Guinea-Bissau and Cote d'Ivoire / Ivory Coast.

It is worth reminding that at ACCWAF, the GOOO Sector File also includes the GLRB Roberts FIR which covers the airspace of Guinea Conakry, Liberia and Sierra Leone.

This PDF serves as an introductory note to the Sector Files, what's included and where you can find additional support and resources if you need.

With AIRAC 2204, GOOO Sector Files are packaged with TopSky and GroundRadar plugins for Euroscope, allowing Controllers to perform their roles in a more efficient and professional way.

We hope you have as much fun controlling GOOO as we did developing and updating these files.

- The ACCWAF Staff Team
